

# **Roll-Out Kitchen Drawers**

**Website: [rolloutkitchendrawers.com](http://rolloutkitchendrawers.com)**

**Toll Free: 1-855-332-2004**

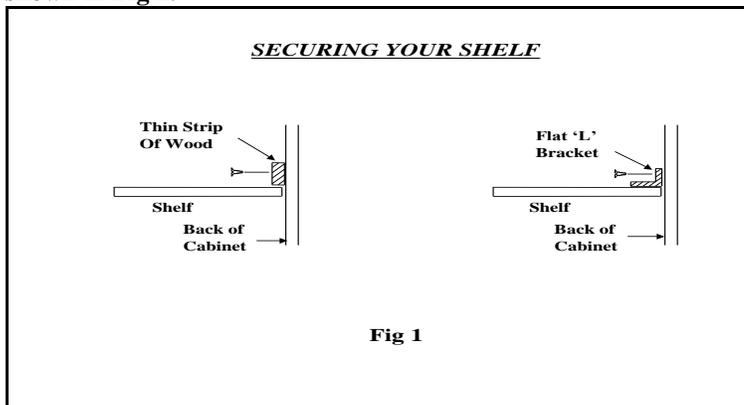

## **CONTENTS LIST**

- 1 rollout kitchen drawer
- 1 steel rail base assembly system
- 4 screws
- 1 set of instructions

## **INSTALLATION INSTRUCTIONS**

### **IMPORTANT- BEFORE INSTALLING ANY DRAWERS**

**Any shelf that is moveable must have the shelf fixed in place before a drawer is attached to the shelf as shown in Fig 1.**

1. Separate the drawer from the base.
2. Place the base on your shelf with the flat ends of the rails facing you...back 1 1/2" from the front of the shelf
3. On some cabinets, you want the base centered...on others you want the base as far away from the hinge as possible. Note the arrow on the base assembly should you want to center the base. Otherwise, slide the base as far away from the hinge as possible.
4. Screw the base to the shelf using the screws provided.
5. Re-insert the drawer in the base. It's that easy!

## **CLEANING INSTRUCTIONS**

Only clean with soap and warm water. Cleaning with other solutions voids the warranty.

## **LOAD CAPACITY**

- 100 lbs. max. We advise not exceeding 50 lbs.

## **WARRANTY**

Full replacement, less shipping & handling, for a period of 5 yrs. should the drawer fail under normal care and use.
